 **Get Started with the Graph**

0/6 steps complete

- Stay on top of every running agent ▾

Every active agent session shows up alongside your work. See a status pill for each session on

```
C activity2.c >  main()
```

You, 6 days ago | 1 author (You)

```
1 #include<stdio.h>
2 int main(){
3     printf("hello wo
4     return 0;
5 }
```

Problems Output Debug Cons
